- **Semifinals** – All matches complete by August 9th (4 teams)
- **Finals / 3rd-Place Match** – All matches complete by August 30th (4 teams)

SCORING

- Prior to each match, each player must choose which tees to play from
 - Players must play from the white or blue tees
 - Players may play from different tee boxes (including players on the same team)
- To determine the course handicap differential between all four players, use the handicap calculator in the GHIN app
 - All strokes given will be relative to the player with the lowest course handicap
 - The lowest handicap player will receive no strokes
 - All other players will receive strokes starting on the top X hardest handicap holes where X is the course handicap differential between them and the lowest course handicap
 - The maximum course handicap allowed will be 18 (equates to a ~22 handicap from the whites or a ~20 handicap from the blues)
 - For example, a player with a 22 course handicap will be assigned an 18 course handicap for this tournament. The handicap differential will be calculated as 18 minus the course handicap of the opponent.
- Send all match results and any question or concerns to Ted (tprovins@gmail.com)
